## Domain name

We recommend **otogearbox.com.ng**: it is the standard address for Nigerian businesses, customers trust it, and it is the cheapest to keep. It will be bought from Whogohost, a seller accredited by NiRA (the body that runs Nigerian domains).

| Domain | Year 1 | Each year after | Our view |
|---|---|---|---|
| otogearbox.com.ng | ~~₦~~3,000 | ~~₦~~7,200 | **Recommended.** Local, trusted, low cost |
| otogearbox.ng | ~~₦~~9,200 | ~~₦~~15,600 | Shorter and modern, but double the yearly cost |
| otogearbox.com | ~~₦~~14,999 | ~~₦~~24,000 | Optional backup so no one else takes the name; redirects to .com.ng |
| .online / .site | ~~₦~~4,500–~~₦~~5,000 | ~~₦~~72,000–~~₦~~75,000 | **Avoid.** Cheap first year, very expensive to renew |

Prices are from Whogohost's price list as of 19 October 2026. The ~~₦~~3,000 first-year price is a promotion; budget for the ~~₦~~7,200 renewal.

**Ownership:** the domain will be registered in Otogearbox's name, with a business email and Nigerian address, so Otogearbox owns it outright. If it is not renewed on time, the name can be lost to someone else.

## Hosting

The site will be hosted on **Netlify's free plan, at no monthly cost**. This suits Otogearbox because the site needs no database or server; part requests go straight to WhatsApp.

- **Free https padlock:** visitors see the site is secure.
- **Fast loading:** the page is served from servers close to the visitor.
- **Works with .com.ng:** the domain stays with Whogohost and simply points to Netlify.
- **Room to grow:** if Otogearbox later needs online ordering or many more pages, we can move to paid hosting then.

## What we need

**What we need from Otogearbox:**

☐ Confirm the full address and phone number of each of the 7 branches

☐ Photos of the shop, staff and products (phone photos are fine)

☐ The logo file, if one exists in good quality

☐ A business email address to own the domain

☐ Approval of the wording on the prototype, or the changes wanted

## Recommendations and next steps

1. **Register otogearbox.com.ng now.** At ₦3,000 it is low-risk, and it stops anyone else taking the name.
2. **Consider otogearbox.com as a backup** (₦14,999), since the Director's WhatsApp line is international and some customers will type .com by habit.
3. **Avoid .online and .site.** Their renewal prices are 10 times higher than .com.ng.
4. **Keep one WhatsApp number for enquiries.** If a Nigerian WhatsApp line can be used for the request form, local customers may respond faster than to the international number.
